NEIGHBOURS FROM HELL by Steven Suttie

The Haughton Park development just outside Manchester is an exclusive new suburb of expensive homes for professional families. When the developer fails to sell half of the properties, the project is thrown into financial chaos. The local council steps in with a workable solution. They propose to use the unsold homes as social housing for homeless families, in return for the much needed cash injection that the developer needs to pay the bills. It's a win-win situation. Or is it? Many of the home-owners are up-in-arms at the proposal. They don't want the place over-run with 'scrubbers.' They start a media campaign to stop the plans. But they are defeated. The homeless families are given temporary accommodation on the swish development. Mum of four Rachel Birdsworth is one of the new residents, and she's determined to get past these stupid class differences. She does her very best to get along with everybody and make new friends. It all starts off quite well. But when she realizes that the home-owner across the road is a wife-beating bully, and that his wife is a virtual prisoner in the home, she wants to help. But this kind of help has deadly consequences.

DCI Andrew Miller is back, trying to get to the bottom of what exactly has happened over at Haughton Park in this heart-stopping, dark thriller from One Man Crusade author Steven Suttie. "Totally gripping""Can't put it down""Found myself laughing a lot even though it was a gritty thriller. Fantastic!"

MORE about this book; The novel is set in Greater Manchester, in the present day, on a fictional exclusive housing development called Haughton Park. Described as a black comedy thriller - the book focuses on the class divides in today's Great Britain, and in particular, attitudes towards the less privileged in our society, and the media's relentless campaign of promoting hatred towards the poor. The question behind Neighbours From Hell is; "could the rich and poor live together in peace and harmony?" You can probably guess the answer.

NEIGHBOURS FROM HELL is described by most readers as a fast paced, funny, exciting story. NEIGHBOURS FROM HELL is the second DCI Miller book. (DCI Miller 2)

On 's "customers also bought" function, NEIGHBOURS FROM HELL is ranked alongside books by Kerry Wilkinson, Ben Cheetham, Martina Cole, Karen Woods, Paul Finch, Heather Burnside, Rachel Abbott, Kimberley Chambers, Anna Smith, David Menon, Ed James, Robin Roughley, Lisa Hartley, D.S. Customer Reviews

Good God, can this guy ever write a bad book? I think not! Every single one I've had the pleasure of reading has had me laughing & quoting/reading aloud from the book to my husband (of course, spouses just HATE that; I know). But his writing style & characters & situations just must be shared

with someone! And who better than your mate who can't escape? Anyway, I have PM'd our beloved (& sometimes despised!) and gifted writer both positive (during reading his book) and negative feelings. Let's just say I am on pins & needles awaiting his next book. And, as for threatening him, I assured him that next book should be very soon in 2016. Honestly, he is a very unique writer. I just love his style of writing. Although I am "across the pond" & sometimes struggle a bit with his unusual terms (to me, in the Southern USA), it is always an education. Love ya, Steve! Obviously this review is NOT by Greg. I am his wife. Cyndi Whedon

This book was very intriguing. I couldn't stop reading it I just had to know the ending. The police procedure was good. The caricatures were all very believable. I was shocked at the ending, really didn't expect that. If you looking for something completely different this book is for you

First experience reading Steven Suttie, and much enjoyed the experience. The characters are quite believable and well-developed, and they are nearly universally likable. The plot device is fresh, possibly unique - low income housing residents moved into higher-income residential area, and conflicts that ensue. Enjoying the plucky nature of the principal characters, the reader is caught trying to apply the brakes to the oncoming freight train that looms down the track. One off-putting side note - Suttie for some reason found it necessary to give a bit too much away with one sentence forewarnings at or near the end of some chapters. Those foreshadows are too blunt and not really needed to anticipate plot development. The seemingly radical character shift at the book end was disappointing for readers hoping for a rosy sunset and happy ending, but c'est la vie. Good read, good characters, and well crafted.

Wow, what a great read. An amazing storyline. A great first half followed by a compelling second. More twists and turns than a don't know what! Great characters and great police work by DCI Miller.

What happens when Social Services places indigent families in a posh in Manchester, UK, chaos follows, but not in the way you would think. This a fun read, even though the end is not wonderful.

This is book 2 of this DCI Miller series and I loved it, can't wait for more from this author.

this was a great story and now I want to read the third book in the series. will read the first book later. Will be looking for more from this author.

If you want an off beat police procedural story read this and the other 3 books in Steve Suttie's series. Really enjoyed it and I recommend all 3.
