Customer Reviews

Although the Challenger disaster was 28 years ago, this book brings back so many vivid memories, that it makes it appear that it just happened. The story on page 130, "Witnessing the Disaster from a Florida Schoolyard" is particularly well written by a school teacher, Aaron Brame, who witnessed the explosion as a young student. That one story alone made the purchase of the book well worth while. I highly recommend this book. All of the stories are great.
