The Energy Of Money: A Spiritual Guide To Financial And Personal Fulfillment

Synopsis

"Money is congealed energy," said Joseph Campbell. And releasing it releases life's possibilities. . . .Thousands of people worldwide have learned how to build a powerful new relationship with their money and bring their dreams to fruition through Dr. Maria Nemeth's dynamic workshops. Now you can, too. In *The Energy of Money*, Dr. Nemeth--who received an Audio Publishers Award for her Sounds True series on which this book is based--draws upon her more than twenty years' experience in synthesizing spiritual and practical techniques for managing yourself and your work to create a revolutionary program that can free your financial energy and use it to achieve personal life goals and financial wealth. Combining a complete self-help and self-discovery regimen with proven methods of money management, this powerhouse guide to prosperity presents twelve principles that will help you to- Uncover the hidden landscape of beliefs, patterns, and habits that underlie and sometimes subvert your everyday use of money and personal resources- Tame the dragons of driven behavior and busyholism- Defuse fears of deprivation and scarcity- Embrace and work through paradox and confusion- Consciously focus your money energy- Clear yourself to receive the energy and support of others and the universe- Develop and stay on your personal path to abundanceThrough easy-to-follow exercises and meditations, effective worksheets, and other interactive processes, Dr. Nemeth will guide you to financial success and help you manifest your special contribution to the world.

Customer Reviews

The Energy of Money: A Spiritual Guide to Financial and Personal Fulfillment, by Maria Nemeth, Ph.D., outlines a distinctly unique approach to one of the most dominant yet forbidden topics in modern society: money, and how we deal with it. A clinical psychologist who once lost \$35,000 in a fraudulent investment scheme, Nemeth learned from that ordeal (and similar experiences of friends and associates) how most of us develop relationships with money, and the ways in which we subsequently can bring these in line with our actual dreams and realities. She initially used this knowledge to start a workshop called You and Money, which eventually attracted more than 4,500 participants and led to the development of concepts now delineated in this book. Quoting relevant wisdom espoused by those ranging from Joseph Campbell and Ram Dass to Mark Twain and Dorothy Parker, Nemeth sets out "12 principles for personal fulfillment" designed to help readers "uncover the hidden landscape of beliefs, behavior patterns, and habits that underlie and sometimes subvert how you use money and other forms of energy." The result is a refreshing, useful, and surprisingly accessible mixture of universal financial advice and the much rarer--but no less important--ethereal side of fiscal self-management. --Howard Rothman --This text refers to an out of print or unavailable edition of this title.

Nemeth is a clinical psychologist who, after losing \$35,000 in an investment scam, became interested in psychological and emotional attitudes about money and how financial decisions are made. She went on to create a seminar called "You and Money" and authored a book in 1997 with that title. She has also already released a nine-hour series of cassettes called The Energy of Money on which this newest book is based. Nemeth tries to get people to think of money as another kind of energy and then consider how they handle each kind of energy--such as physical vitality, enjoyment, creativity, etc. She stresses that this is not an investment manual, not a collection of tips on how to save money. Instead, it is a guide that lays out 12 principles for personal fulfillment that will help individuals decide what it is they really want in life and how to use their money to achieve their goals. David Rouse --This text refers to an out of print or unavailable edition of this title.

Overpriced for what it turned out to be. A lot of psycho babble about mental clutter. It makes great points for those who must rid themselves of self-defeating money barriers.

This is an excellent book for anyone...but if you can get to it before you get married it will save you a ton of trouble. Great practical exercises and it's certain to shift your outdated ideas about money

that don't serve humankind.

What a powerful book! I now recommend this to all of my clients who are working on money issues. So many transformational activities and suggestions in this book. I will use and re-read this again.

I'm not a big reader but this book is amazing!!

This book truly changed my life..

Much to absorb. So rich and useful.

This book was what I needed to make changes in how I approach money in ways that were inspirational and energizing.

Very informative educational and practical guide so one can clearly see how money is energy and..... exactly..... some of the things that can block the flow of money and its energy in our life world and affairs. If we correct and or clear the blocks it should be good sailing.
