I love this book! Once you start reading this book, you can't put it down. It makes you wonder, what's going to happen next. I recommend this book to anyone who loves mystery or drama,

because the main character (Cheyenne Wilder) is not only sick with pneumonia, she's also blind. It's different from others and makes it a great mystery. I thought this book was great, because with Cheyenne being blind, it makes it more challenging for her to escape from the kidnappers. Since Cheyenne is blind, it makes you wonder what's it like to be blind. I think the theme is never giving up and keep trying. Cheyenne didn't give up and keep trying to find her way out of the situation. Even though, she is sick and is blind, she did all her best to escape with hearing and touching items. Cheyenne is in conflict with her kidnappers about escaping. Cheyenne tries to escape but, Griffin's (kidnapper) father catches her all the time and puts her in his house, in a room. Griffin begins to see her world in the way she is, independent and blind. Griffin's father soon sees Cheyenne is a major deal and is glad she was kidnap, which it was a mistake she was kidnap. Cheyenne is battling for her life. Cheyenne is in her stepmothers' SUV waiting for her stepmother to pick up her prescription. Cheyenne left her guide dog at home and soon realizes it was a huge mistake. Griffin, not knowing Cheyenne is in the back seat of the SUV, jumps in the car and takes off. He soon realizes she was in the back seat and starts to panic but, seeing he made a big mistake. Not knowing what to do, he takes her to his house where his father comes up with a plan.

It was amazing. one day my friend was reading and usually she never reads she just hangs out with me and if I start reading she yells at me. so when I saw her reading I was puzzled that that she wasn't hanging out with me so I asked her what what was reading and she said she was reading girl stolen. So I asked her what it was about...by the way SPOILER...she said it is about a girl that gets kidnapped but not on purpose but the guy was just trying to steal the car not her so he says he's going to have to kill her incase she escapes and notifies the cops what they look like but what he didn't know is that she is blind...read the book it's awesome and so indescribable I just loved it and reading it on my kindle fire is so much better!

There are amazing twists and relationships in this book that are very interesting. I am a very picky reader and I loved this book.

Read this with my daughter and felt like she gained strength and some major street smarts. We've read another aloud and another she read on her own (and finished in one afternoon). The character in this particular novel is so resourceful and inspiring despite major set-backs, and that is a major help to a developing young woman. Though these are hardly eternal classics, they are page-turners that may just save a girl's life. Very entertaining as well. We'll be reading more.

I liked the story. It was interesting and read it very quickly. I liked how strong Cheyenne was despite her handicap. She did not wait around to be rescued. I think the reason I gave it a three and not a higher rating is because it was a little juvenile for my taste (which does not go against the book itself, it's just not for me). I would recommend the book to a younger audience. Maybe high school age group. Nonetheless it was a very well written book.

Daughter enjoyed

This book was a thrilling page Turner that I couldn't set down. I have read books by April Henry and at the moment I would say she is one of my favorites! I love how she changes the point of view from character to character to show what deep down they really are like. The ending of this book was a little odd but otherwise I would say that this book has a read over and over again quality!

I was on the edge of my seat the entire time and couldn't put it down. A gripping tale of a young girl named Cheyenne who is accidentally kidnapped. She is blind and has pneumonia, so it really gives you a new perspective on what she experiences. Brilliantly written!! Five stars!! >>* * * * *
