Largely short routes up incredibly accessible cracks, includes Wall Street, Long Canyon and the Potash Road near Moab, Utah.

Eric Bjornstad does a superb job documenting most of the routes in the Moab, Utah area. Although some mistakes will be found, which is to be expected in a compilation of this magnitude, the climber will find many known and unknown routes to challenge their skills. The book includes many popular areas like Wall Street as well as many unknown cliffs and spires. It's essential gear for any climber contemplating a long term climbing trip to Moab... Another book, Rock Climbing Utah, offers a good overview to the area also.
