Seattle To Yellowstone: Road Trip!

Synopsis

At over 220 pages and full of detailed information, planning a road trip to Yellowstone National Park has never been easier, thanks to Douglas Scott and Exotic Hike's book "Road Trip: Seattle to Yellowstone". The author, Douglas Scott, has taken over 25 road trips in the last 30 years from Seattle to Yellowstone. The book is sure to give you the best possible advice from one of the leading experts on these roads and in Yellowstone. Written by an expert on road trips and Yellowstone National Park, this book is your go-to-guide for making your trip the best possible adventure to America's First National Park. Covering the entire drive from Seattle to Yellowstone, we help you make important decisions for your road trip, giving you the very best stops along the way. Once inside the park, this guidebook helps you find hikes, animals, camping, food and lodging. Book Includes: - Detailed Campsite and Lodging Information - Animal Viewing Guide - National Park Etiquette - The Best Hikes - Best Day Trips outside the Park - Detailed Geyser Information - The Best Places to Eat and Drink and much, much more! If you are planning to drive to Yellowstone, you need this book. With nearly 200 images from around the park and along the road, this book will turn your road trip into lifelong memories. This book's images are in black and white, but if you pick up the e-book, you can see the full color images in all their glory. For a full color e-book:

Customer Reviews

The content is five stars. I love the content. It is what I was looking for. I am planning a Seattle to Yellowstone road trip later this year. The book has a lot of recommendations of where to go in the

park and on the way there. It also has great tips and good details about each attraction and camp ground. Those info cannot be easily found on the Internet. The print is 2 stars. First it's black and white. That wasn't mentioned on in the product info. Secondly, the proportion is distorted. The book should have been wider. Now the animals, buildings and everything in the pictures are leaner than they actually are. See the pictures I took. So i only give three stars for the paperback version. For future shoppers, I would recommend go to the author's website and by the e-copy.

Very interesting book. I just can't understand why all the pictures inside are black and white...

Gives good information

I was disappointed with the information.

Living in the Pacific Northwest, this guide is particularly useful for me. I can literally follow the route as described and put to use all the information, while visiting the interesting locations in anticipation for my arrival at Yellowstone. Not from the PNW and taking a different route? You will thoroughly enjoy the history of the area, lodging and camping suggestions, hiking and sightseeing recommendations. This is a definitive guide that would allow you to plan your trip with all the necessary knowledge once in the park itself, or along the route from Seattle.

Love the book and love the road trip. I'm a veteran Yellowstone visitor and this guidebook still had a lot to offer. Next time I drive from the PNW to Yellowstone I'm taking this book and hitting up some exciting sounding stops I'd never even heard of before reading this. Can't wait!
