I read all of the adult versions of this series and let me tell you, this kids version, I like even more. I am currently on book 8 and am loving all of them. I didn't even think of the children in the first series. I completely forgot that they were around as well. I love how the author has them interacting with the characters of the first series which makes it even better!

Such a wonderful series! Great for kids but adults like them too! I had these books years ago and they got lost in a move. SO happy to have them back again. While ebooks are nice, there is nothing like holding an actual book in hand to me.

Bought this for my son and he loved the series!!! Great reading. Can't wait to get the next series for him!

Loved this series of books based on christian life and history.

Everyone should read these books. I think purchasing the set is a great idea, as they could be a life-saver for anyone who is left behind in the future! I love how really difficult issues are dealt with in a way that adolescents can understand. What a great way to let a young person know what is ahead for the world, and also to make the gospel very plain, in an effective and interesting way! I can't wait to find out what happens next!

Excited to find this series for kids!!

The information you get from these books are valuable, not only do teens get an idea of what's coming it also opens their curiosity to start reading their bibles, especially Revelation.

Loved the series
