Steve Mariotti, founder of the Network for Teaching Entrepreneurship (NFTE), is considered one of

today's leading experts in education for at-risk youth. In 1982, he changed career paths when he decided to leave the corporate sector and become a special education teacher in the New York City public school system. Mariotti's first assignment was in the East New York section of Brooklyn, and his last was in the Fort Apache section of the South Bronx. During his six-and-a-half years teaching, Mariotti discovered he could successfully motivate even his most challenging students by teaching them how to run a business. This experience inspired him to create a new kind of program--the first to bring entrepreneurial education to low-income youth. In 1987, Mariotti founded The Network for Teaching Entrepreneurship (NFTE). Today, NFTE's mission is to provide entrepreneurship education programs to young people from low-income communities around the world. NFTE's programs have a proven track record of success, and the network is widely viewed as the thought leader in the field. NFTE is an active member of the Council on Foreign Relations. In 2013, Mariotti traveled to Southeast Asia as a guest of the U.S. State Department on a mission to spread entrepreneurial education to youth from emerging economies in the region. Mariotti was recently nominated for a Pulitzer Prize for his work chronicling the lives of entrepreneurs worldwide for The Huffington Post and for a Nobel Peace Prize for his pioneering work in entrepreneurial education. A lifelong advocate for low-income students, Mariotti is the recipient of numerous awards including: Ernst & Young Entrepreneur of the Year Award Bernard A. Goldhirsh Social Entrepreneur of the Year Award National Director's Entrepreneurship Award from the Minority Business Development Agency of the U.S. Department of Commerce Association of Education Publishers' Golden Lamp Award ACE/Currie Foundation Humanitarian Venture Award America's Top High School Business Teacher In addition, Mariotti has been the subject of many national media profiles on such programs as ABC Evening News and 20/20. He has authored and coauthored 34 books and workbooks on entrepreneurship, selling over 10 million worldwide and distributing many more copies for free to at-risk communities, including prisons. His popular book The Young Entrepreneur's Guide to Starting and Running a Small Business has recently been published in a new edition by Random House and is used to teach entrepreneurship from the United States to China, India, and the Middle East. Mariotti is a regular attendee and speaker at The World Economic Forum. Raised in Flint, Michigan, Mariotti received his B.B.A in business economics and his M.B.A. from the University of Michigan, Ann Arbor. He has also studied at Harvard University, Stanford University, and Brooklyn College. He started his professional career as a treasury analyst for Ford Motor Company before founding his own company, Mason Import/Export Services. Caroline Glackin, Ph.D., is a "pracademic" who has successfully

worked as a microenterprise and small business owner and manager, as an executive director of a community development financial institution, and as an academic in areas of community development finance, entrepreneurship, and management. She is Entrepreneurship Faculty at the University of North Carolina - Fayetteville State University. She has been assisting entrepreneurs in achieving their dreams for over 30 years. Dr. Glackin earned a doctorate from the University of Delaware, where her research emphasis was on microfinance. She has participated in the Cornell University Emerging Markets Think Tank Series and has presented her research and pedagogy at numerous professional conferences.

This was a textbook for a class I took. It's well organized, and the text defining terms and common usages was clear and easy to understand. The business profiles were more like something from a publicist: intended more to be entertaining and positive than strictly factual.

This is one of the great business book I possess.

I recommend , very good product!!!

I used this book during a college course on Entrepreneurship and thought it was very insightful, clearly written and covered the basics of starting a business very well. I even used some of the information covered in the chapters to tweak a few areas of my small business.

It worked out for my daughter.

Arrived Quickly, Cheap Price

I took an Entrepreneurship class in college a few years ago and we had to use this book. Reading this book was very interesting and helpful, more so than the class itself. I definitely knew I had to have this book, but I had rented it for class. When I saw what they were trying to charge for me to keep it I said, no way sadly. I then came to purchase the book-what I should have done in the first place! Perfect book for those wanting to start a business. Very clear, straight to the point, and easy to read. Reading other reviews about a CD. When I had the book in college, it did not come with a CD, nor did the one I purchased on . Maybe a future edition will have a CD, but the seller here has not specified a CD. They tell you everything step by step in the book, so you really don't need a CD.

Good product, shipped fast. Would recommend.
