Chapman The Boater's Handbook: The Indispensable Look-It-Up Book (Chapman Nautical Guide)

Synopsis

Elbert S. “Mack“ Maloney, author of Chapman Piloting & Seamanship, brings his lifetime of hands-on experience to this newly updated and highly portable guide. Think of it as a take-along mini-version of the Chapman “boating bible“ that“s perfect for onboard use. Whether it“s dealing with emergencies, complying with safety regulations and government requirements, refreshing your knowledge of seamanship and piloting, reading charts, assessing weather conditions, or just figuring out what flag to fly, this facts-at-your fingertip reference has the answer. Tides and currents, electronics, life on board, maintenance: it“s all here, handily arranged for easy look-up. Numerous charts, tables, and line drawings amplify the text; thumb tabs make finding everything a snap; and a wealth of Internet resources brings this up to the moment. Plus, the technology and communication sections have been thoroughly revised!

Book Information

Series: Chapman Nautical Guide

Customer Reviews

Although Chapman's Piloting is a great boating book, this one is so much easier to handle, and store. Has a great deal of information about everyday boating without being over kill. If Chapman's Piloting came in a two volume set I would probably prefer that one, but for now I will stick with this.

Great source as a handy and concise reference to boating basics. Good companion to the big Chapman book. Highly recommended.

Great book and a great buy.

Full of usefull information Pretty easy to flip through and find something specific without having to flip through too many pages in great condition

Has the most important aspects of the very heavy "big" Chapman's for the short-term cruiser. Love that they came out with a "mini" version.

I was given this book and hoped to find it valuable. It is trite, very general and has very little useful information for anyone with a boat. Almost any other book or internet search will yield more useful information. Don't waste a dollars one it.

Good job, brand new, came fast, definitely would recommend. Thanks much
