Harold Et Le Crayon Violet: The French Edition Of Harold And The Purple Crayon

Synopsis

HAVE FUN LEARNING FRENCH WITH THE BELOVED STORY OF HAROLD AND HIS MAGICAL CRAYON. Published in English under the title "Harold and the Purple Crayon," this timeless classic has delighted readers of all ages for more than 50 years. This little book tells the fascinating story of Harold, armed with a purple crayon too big for him, with which he will draw his imaginary adventures. Multiplying the surprises and twists, Harold and the Purple Crayon is not only a basic book to learn to read French. It is also a delightful story that shows that imagination offers everyone a journey without limits.

Excellent book for my 5-year old daughter to practice reading in French since there are typically only one to three short lines on each page. While my daughter grew up with both French and English at home, this would be a good book for someone learning French as well (very basic vocabulary and sentences).

I remember my mother reading this to me, (Harold and the Purple Crayon, is the name of the English version). I read it to my oldest two (now in their 20's), I bought it for my youngest two, they love it also,...so I was overjoyed to find it in French for my non-English speaking niece from Canada. Yay! This book seems so simple when you first open it,...but watch how your child's imagine runs with it as you (or they) read it. It's kind of a must have for your child's at-home-library, if you ask me.

A joy to read.

As a French teacher I use this book to introduce the passÃ© simple and my students really enjoy the walk down memory lane. Cute book!

I'm learning French and am ordering these books to make it easier to become fluent. This is a cute and affordable book!

This book is adorable and perfect for my grandson who is living in France and just learning the language.

One of mine and my husbands favorite childhood books and we decided to get it in French as we are teaching our son to speak the language.

Beautiful and fun little book
