Customer Reviews

had to order this after visiting the hans Christian Anderson museum I Copenhagen. certainly not the Disney versions!!!

It is just what I expected with the convenience of being able to tote it around. I read the stories to my sister when she was in the hospital and it reminded us both of when we were children and read fairy tales to each other at night before bed. Peace, Susan

It is a great book. I have not read much out of it yet as I am working my way through a different fairy tale book (Grimms). But the book is great quality

Although received late and defective, I got to read a few stories and it is very interesting, especially with the twists these stories have compared to the Disney and other movie versions. great book, would recommend this book to those who love to read and know the actual stories of these characters.

Not what you'd expect, which is what I was hoping for.

Highly recommended for the beautiful and faithful translation, and for the visual and tactile beauty. Most importantly, for stories faithful to the often-sinister spirit of the endlessly-told originals. Rediscover these stories in their strange beauty.

Beautiful quality hard cover book

I own a copy of this book, and this was another purchase for my great nephew's library. I LOVE Hans Christian Andersen!
