Yellow Copter

Synopsis

When a teacher gets stuck at the top of the Ferris wheel at the fair, cranes and planes can't reach her. The only one who might have a chance is Yellow Copter! With a rollicking rhyme and candy-colored illustrations, this is the perfect read-aloud for any fan of machines that are big, make loud noises, or fly—or all three at once.

Toddler-Pre-**Yellow Copter** is not just any helicopter. He is a rescue vehicle. When a Ferris wheel gets stuck with a teacher sitting at the top, only Yellow Copter can retrieve her and return her to her class on the ground. Nice and easy, the reliable machine does his job. The spare and simple rhyming text introduces important copter words like rotors, winch, and harness. The graphic-style cartoon illustrations and catchy cadence will draw the attention of young viewers, who are learning to hear words and repeat sounds. The vivid yellow of Copter stands out against pale blue skies, like a warming sun on a beautiful blue day. VERDICT Toddlers will enjoy this story of a hero and a helper. **Mary Hazelton**, formerly at Warren & Waldoboro Elementary Schools, ME --This text refers to the Hardcover edition.

My son loves airplanes and helicopters and this is such a cute fun book about a helicopter rescuing a teacher from a ferris wheel

Fun verse and illustrations.....saving a teacher from the top of ferris wheel....3 y.o. has memorized it!

My toddler daughter loves this book, I read it at least a couple of times each day.

My son loves this book

The wording is a bit weird, but overall a good book for little ones that like helicopters! A great accompaniment to the Green Toys rescue helicopter and boat set.

Cute and bright pictures combined with a simple, fun story! We were already fans of Red Truck, so this is a nice addition to our collection!

Great book. I get to read at least twice a day to my two year old grandson that I keep. He loves it.

Granddaughter loved it.
