Help your child beyond the classroom 180 Days of Writing is an easy-to-use resource that provides teachers and parents with daily practice activities for first-grade students to build writing and grammar skills. Students interact with mentor texts and then apply their learning by writing opinion/argument, informative/explanatory, and narrative pieces.

I absolutely love this workbook in our homeschool. We continue to use these books as we go through our grades. My youngest will be in 1st grade next year and this is one of his curriculum books for sure. My oldest son loves it too and used the 2nd grade level this year. It is the perfect amount of work for him to do. Working on one side of a page daily. Daily work increases as you get towards the end of the workbook, but not too much to overwhelm. The plan is to continue with this book until no more of them are available :)

I purchased this, along with several other writing books, as a homeschool supplement. It's going to be useful for us and I'm happy with the quality & quantity of content in it relative to several of the other books I purchased. Scholastic's "success with writing," is another worthwhile book to look at.

Excellent for bridging the summer reading/writing gap.
