101 Needlepoint Stitches And How To Use Them: Fully Illustrated With Photographs And Diagrams (Dover Embroidery, Needlepoint)

Synopsis

Tired of doing the same basic stitches over and over again? Noted designer Hope Hanley can help you bring new excitement and beauty to your needlepoint in more than a hundred different ways. In this practical, extremely well-organized guide she presents a treasury of 101 decorative stitches, with an easy-to-read chart and an actual-size photograph for each one. Only stitches which adequately cover the canvas have been included in this versatile collection. In Tapestry no warp threads are allowed to show through, so why let canvas show in needlepoint? Enhance and individualize your needlepoint projects with expert advice on a host of exquisite stitches: rep stitch; fancy cross stitch; Renaissance stitch; cross stitch; Herringbone stitch; shaded stripe stitch; double stitch; mosaic stitch; French stitch; Greek stitch; velvet stitch; closed cat stitch; and scores more. The author explains precisely where and how to make best use of each stitch (as a filling stitch in small areas, as a background or a grounding pattern), and tells whether each is slow or quick to work up and whether it's best on mono or two-thread canvas. No stitch combinations have been included, just the fundamental stitch. Think up your own combinations – there are hundreds of them! Whether you're a beginner, intermediate, or advanced needleworker, give your needlepoint a vibrant new look with this modestly priced, indispensable reference work.

This book is a terrific collection, especially if you are the kind of person who enjoys learning a few extra things here and there, whether or not you employ them actively. This is just a nice book to have, whether you know most of it or not. Thanks for making it available in a used copy for me! Nancy Morse

Great aid to stitches

Inside this book is nothing like the cover. Cover is in colors indicating the different stitches. The inside is done basically in shades of gray and black.

Way too basic

Very good, helpful, great new ideas and projects.

A great assortment of stitches,, and clear illustrations.

very good selections of stitches and patterns. i'd wanted to design my own needlepoint canvas for an old footstool for ages, and this w a couple of others got that underway.

Very clear and useful
