Each project comes with sweet finishing details, from the cute hat and bow tie on Connor Frog to the beaded water droplets spouting from Moby Whale. Our favorite has to be cuddly Lila Lamb, worked in a textured puff stitch for an extra fluffy finish. Chua, a college student, designs gleeful charm into each softie: a giraffe gets 3-D spots, a teddy bear sports overalls and a sailor hat, Tom Turkey dons a Pilgrim hat and customizable feathers. Lots of close-up photos and clear directions make these cuties both easy and fun to make, while their larger-than-usual size (6 to 12 inches tall) makes them extra huggable. --Yarn Market News

Shannen Chua is a college student and amigurumi designer who lives in the Philippines. She started crocheting as a school requirement in the sixth grade and fell in love with the craft. Discovering amigurumi in her second year of high school only made Shannen love crocheting even more. Her love of animals has contributed to her designs, and she tries to make all her dream animals come to life--in plushie form!

I am planning on doing more crochet work in the cooler months. I follow a couple of yarn sites online and many of those participants make toys; I was intrigued so thought this was a good place to start.

The amigurumi pattern were just so cute! The book itself is very good quality, and the two patterns I tried went perfectly, as they were well written. Overall a very good pattern book for intermediate crocheters.

Easy to follow instructions.

Great toys to make for a newborn or toddler! These are much better than the plastic toys you can buy and with easy directions a great gift!

Bought this for the sheep pattern. I've done amigurumi for several years. Used many different patterns and even created my own designs. This sheep looked so cute on Facebook I couldn't resist. But the pattern is a bit disjointed to me. A lot of odd steps to create a shape. The sheep's head is actually 5 parts, head, 2 ears, white bonnet and then a puffed toupee type piece. I'm not sure if I'll do any other animals from this book as I already have patterns for those animals. I had several people I was going to gift the sheep to, but I'll so disappointed in the head steps not sure I'll make

another.

If you are looking for a book to crochet up a whole big family of animals this is the one for you! My personal favorites are the bunny and the racoon. I bet once you make a bunch of these little animals you will be designing your own. There are great photos and patterns along with the basics of crocheting.

This book is Amazing I don't know which one to make 1st..
