Customer Reviews

Perfectly manageable amount for kids to start reading. It works almost like a study guide with questions at the end as well as transliteration of each verse. As always Emerick has the books well edited with quality translations in perfect English. We will try to use this over the 30 days of Ramadan with our kids.

This book gives a nice insight as to the meaning of the Surat but the bad thing about it is that it doesn't have any Arabic text in it. The author said he intended it that way so that it may be discarded. I wish I had known that since it's not feasible to learn and memorize Qu'ran just by looking at the transliteration text. Bottom line, if you want a good explanation with transliteration, this is the way to go but if you need the Arabic text, you may want to keep shopping around. Um Asiya

Great addition for the Shahadah kits at mimodesty.com. Quick shopping.
