I have trouble with deciding the expression I need to convey certain emotions within characters I draw. This book gave me hundreds of examples to look at in order to help me out when I am I need. It does have a chapter that teaches the basics of drawing faces and expressions which is useful. I wouldn't quite say this book teaches exactly "how" to draw all facial expressions, but it does give great examples to someone who is just looking for guidance. All in all, I would recommend this book since I am constantly referring to it.

This book helped my daughter make her Manga art more expressive! Great addition to a Manga

library. My daughter loves that Ms. Aya is self taught and has mastered the art. It inspires her.

Excellent reference book with TONS of expressions

SO many emotions to choose from.

Purchased for my child. Arrived in great time and they love it! Thank you:)

Probably the best drawing reference I can think of for drawing anime. You can find helpful guides online to get started but having a good emotion reference sheet is going to be quite helpful. It also helps I love the art style.

This book is so fun! It really displays a lot of different angles and expressions not other books do not. Great buy!

My kid freaked out when she got this as a birthday gift! She didn't stop smiling for an hour. She's been hung up on anime faces for a while and she absolutely loved getting ideas and tips from the book. While I wasn't thrilled when she said I looked like the "middle aged" woman in the book, I did love how excited she got about it. I can't comment on the actual drawing lessons in this book, but I can tell you it was extremely well received by someone who is obsessed with drawing anime. I paired it with these two items and it made her day. Canson 9-Inch by 12-Inch Universal Sketch Book, 100-Sheet Prismacolor Premier Manga Illustration Marker Set, 8 Colored Art Markers (1759417)
