A lot of hard work has gone into writing this book but there is a bias that is evident against one or other individuals or parties. There is record of events and that makes the book valuable.

I'd picked up this book with great enthusiasm, in the hope of adding to my knowledge of India's history. However, the poor formatting made it a terrible experience and I feel cheated by this purchase.

This is a very good book on account of happenings and facts .For more interesting facts you should check a video on this -Unique facts on Indian Independence by Shobhit Van Channel on Youtube.
