Big Love

Synopsis

From the bestselling authors who brought you *More Than a Kiss* and *Crazy Little Thing!* What do you get when you add up one guardian angel with ADD; one human who's texting when she should be watching where she's walking; and one open manhole in the middle of the street? You get a cracked skull with sixteen stitches and a guilt-ridden guardian angel. The guardian angel, Zing, comes to earth in human form to make it up to her charge, Nell Parker. What doesn't add up is the internet romance Nell is having. Something (cat)fishy is happening, and now Zing feels obligated to protect Nell's heart. What Zing doesn't count on is falling in love with Nell. Can Zing give up everything to follow her heart? Is her love big enough to overcome all obstacles? Find out in this newest romantic comedy from Layce Gardner and Saxon Bennett!

Lovely characters. Lovely story. Made me happy. Will recommend!

This book was amazing! So funny and sweet! The characters were all wonderfully quirky, the play on the who's on first skit was great and I love that not only were dogs a cute part of the story but the authors pay homage to the Orlando Pulse victims. An excellent read and one I plan to revisit soon!

This is the third book I have read by this duo, and have laughed so hard with each one. Reading their books is as smooth as a knife slicing through butter. The characters have such developed and colorful personalities. I can see the scenes in my mind as I read, and that is a treat. I have laughed so hard, that the tears I produce need a diaper to be controlled. Bennett and Gardner produce books that remind me of shows like, 'Mork and Mindy' and 'Laverne and Shirley' . What's better than that!

A laugh out loud story that has great meaning in so many ways! Really enjoyed Zing!! Must read to find out all the details

This book is a typical Bennett/Gardner outing - Full of funny characters and funny situations. It's also one of the sweetest RomComs I've come across recently as sort-of fallen Guardian Angel Zing struggles to figure it all out. If you're a fan of Saxon Bennett and/or Layce Gardner, you will not be disappointed by this book. If you're new to this authorial duo, Bit Love is an great place to start in on their particular brand of zany romantic-comedic lesfic.

Again, these authors come through with another gut busting, gas passing, laugh out loud story. I am most appreciative that these authors allow their Kindle editions to be in the Lender's Library. Those of us who are retired and on limited incomes would otherwise not be able to read said books if they were 9.99+. Thank you. Oh, and watch out for Bertha.

I love this story. Very interesting and kept me reading until the end.

This make was funny, original, and extremely entertaining. The love story is only a part of it though. The interwoven stories in their about friendship and faith are what really stand out. A page turner simply because it's too good and entertaining to be put down.
