Cleveland On Foot 4th Edition: 50 Walks And Hikes In Greater Cleveland

Synopsis

Discover some of the most beautiful and interesting places in Greater Cleveland on foot. These 50 delightfully varied and carefully planned walking tours will lead you through historic urban neighborhoods, architecturally distinguished suburbs, convenient Metroparks, and peaceful state parks and nature preserves. They range from an easy two-hour walk to a challenging full-day hike. Select a hike for any mood or season by reading before you go. Then, follow step-by-step directions to get there and back without getting lost. The easy-to-read trail descriptions are filled with interesting tidbits about local geology, history, architecture, and wildlife.

Customer Reviews

A priceless guide that won't lead you astray (Book Reviewer Ohio Sport and Fitness 2004-08-01) Useful for beginners and people who are new to this area. For experienced hikers . . . the book is a fun way to add variety when planning outings. (Book Reviewer Explorer Magazine 2004-09-01) A superb introduction to our neighborhoods and natural areas. (Book Reviewer Northern Ohio Live 1996-09-01) A straightforward, no-nonsense guide that should be in every hiker's glove compartment. (Book Reviewer Ohioana Quarterly 1996-09-01) A treasure book of recommended trails, both city and country, and their history. (Book Reviewer The Plain Dealer 1995-08-27)

Patience Cameron Hoskins has been a hike leader and an active member of the Buckeye Trail Association and the Cleveland Hiking Club for many years.

I purchased this book because we like to hike on the weekends. We were looking for some new trails. This book lists 50 hikes in and around Cleveland. Many are urban hikes within some of the old neighborhoods. Others are in parks and cemeteries. This book also give tidbits of history about each location. I would recommend this book to anyone who lives in or around the Cleveland area, especially those who love to hike around old architecture or cemeteries.

Routes in the city (eg Tremont) are pretty out of date. In Metroparks its OK

Very useful. Nice guide through a great part of the world.

I have recently been introduced to the sport of Trail Running and I have used this book as a reference in planning my runs. The authors (or representatives of the authors) have walked each of the trails and hikes described in the book, and there are very useful turn-by-turn, point of interest-by-point of interest descriptions of each route. I wouldn't say this collection is comprehensive and you are not going to be introduced to many obscure or out-of-the-way locations, but it does contain many detailed descriptions of some of the most beautiful lands surrounding Cleveland.
