# The Mahdi: Understanding The Awaited One

## Synopsis

The mind often wonders, "What is the meaning of life?" The Holy Quran answers, "He, who created death and life that He may test you [to see] which of you is best in conduct. And He is the Almighty, the All-forgiving." Life was created so that the community of man may strive to achieve excellence. And it is through the triumph of justice over oppression and of virtue over vice that such excellence can be attained. Because this is the overarching purpose of creation, God has given mankind the means to usher in this triumph of justice and virtue. "Certainly We sent Our apostles with manifest proofs, and We sent down with them the Book and the Balance, so that mankind may maintain justice." God has given us our honored prophets, our holy scriptures, and our revered Immaculate Leaders as means of guidance as we strive towards that goal. And one day, by God's grace, we will achieve that goal and fulfill God's promise that "Certainly We wrote in the Psalms after the Torah: Indeed Our righteous servants shall inherit the earth." This book is about the man who is chosen to usher in this promise of justice and virtue – our Twelfth Immaculate Leader, the Awaited Savior – the Mahdi.

## Book Information

Paperback: 252 pages

Publisher: The Mainstay Foundation (November 18, 2016)

Language: English

ISBN-10: 1943393249

Best Sellers Rank: #1,478,095 in Books (See Top 100 in Books) #86 in Books > Religion & Spirituality > Islam > Shi'ism

## Customer Reviews

I'm about halfway through this book and have been thoroughly enjoying it. One thing to keep in mind is that the chapters do not follow a linear narrative, it appears to be a collection of different articles based on particular themes but all related to the 12th Imam. The book's main purpose is to help the believer develop a relationship with the Imam and understanding of the occultation through the discussion of a variety of topics which are divided into chapters. I would not recommend this book

for someone wanting to learn the "nuts and bolts" of the belief in Imam al-Mahdi but rather for those already familiar with the basics. Once I am finished with the book entirely I am looking forward to going back and re-reading some of the chapters that I really enjoyed.

Im not sure why the publusher chose not to provide an ereader version of thus book. I imagine it would be the mist demanded version for people interested in the topic.
