Customer Reviews

This is a gift for a 9-year old girl. I haven't given it to her yet but the book is just what I was looking for.

I didn't realize it was written for teachers or children. Pretty high-priced, too. Tnx for letting me return it.

I like that the pages are spacious and have illustrations with straight forward, how to steps, that are open to the young writer to make a simple short description, or a longer more complicated scenes. it's up to the young writer. This book could be used with different ages and skills by the "teacher" fleshing out in discussions in each topic. I really liked this book aimed at new writers who are in still in school.

I know a lot of authors who could use this book. It is very basic, but gives almost all the information necessary to write a simple mystery. It even explains what a red herring is. I am very pleased to have found this book in our local library. Very well done, Cecilia and Kate!
