Rule By Secrecy: The Hidden History That Connects The Trilateral Commission, The Freemasons, And The Great Pyramids

Synopsis

What secrets connect Egypt's Great Pyramids, the Freemasons, and the Council on Foreign Relations? In this astonishing book, celebrated journalist Jim Marrs examines the world's most closely guarded secrets, tracing the history of clandestine societies and the power they have wielded from the ancient mysteries to modern-day conspiracy theories. Searching for truth, he uncovers disturbing evidence that the real movers and shakers of the world collude covertly to start and stop wars, manipulate stock markets, maintain class distinctions, and even censor the news. Provocative and utterly compelling, *Rule by Secrecy* offers a singular worldview that may explain who we are, where we came from, and where we are going.

Customer Reviews

In this unconvincing potboiler, Marrs, who charged that conspiracies were behind the JFK assassination (Crossfire) and government cover-ups of the UFO phenomenon (Alien Agenda), now offers a sweeping view of world history through the warped prism of conspiracy theory. The world's richest and most powerful individuals, he opines, wield excessive influence over governments and news media through their control of multinational corporations and organizations he refers to as "secret societies," such as the Council on Foreign Relations, the international Trilateral Commission and the Bilderberg group (which holds annual closed-door conferences around the globe). The aim of these "secret societies," suggests Marrs, is one-world government and centralized social control,

and in this respect, he adds, all these groups and their offshoots carry the imprint of older secret brotherhoods, including Freemasonry and the Illuminati. Conspiracy buffs will have a field day wading through this morass, but other readers will remain unpersuaded by a tract that proceeds by way of innuendo, quotation of other conspiracy researchers' extremist opinions and unsubstantiated statement. Marrs squeezes into his procrustean framework the origins of WWI and WWII, Nazis' occult dabblings, the Russian Revolution, the Morgan and Rothschild banking dynasties and the Knights Templar, and he uncritically entertains a host of maverick theories. His conspiracy trail winds up back in Mesopotamia, as he plies territory mined by Zecharia Sitchin, who believes that extraterrestrials founded the earth's earliest civilizations. Ultimately, this mishmash lacks the semblance of plausibility that helped make *Alien Agenda* a bestseller. (Apr.) Copyright 2000 Reed Business Information, Inc. --This text refers to an out of print or unavailable edition of this title.

Jim Marrs is a celebrated journalist and the author of *Our Occulted History*, *The Trillion-Dollar Conspiracy*, *The Rise of the Fourth Reich*, *Rule by Secrecy*, *Alien Agenda*, and *Crossfire: The Plot That Killed Kennedy*. He lives in Texas.

Great book.

please except star rating

This book really helped me to see further into the fake world we're living. There is quite a bit of interesting information within these pages which made me question everything I've been taught throughout my life up until this point I don't trust this world full of lies and deception so I seek alternative means of news.

This is an insightful work. I appreciate the author's commitment to giving voice to others whether or not he agrees with their point of view. Read this book; it will impact how you invest money.

This is a great, great book. It explores just about every group, that tries to use their own agenda, trying to take over the world, with or without politics. It talks about the illuminati, and how they have influenced other groups. It also explains, that Ronald Reagan, was shot but survived, and how his plans were thwarted, when he dodged the CFR and Trilateral, in an attempt to keep America, American, but finally said ok to these people. However, I was very dissapointed, with the last section,

which came down hard on Christianity, with such things as Moses, was simply an Egyptian teacher, who taught people to serve the Egyptian gods. When the bible says that he gave up that privilege, of ruling with the Egyptians.

Excellent!!!

Great!

as advertised
