Customer Reviews

Comprehensive lab companion for grad and undergrad work. Very well annotated for further readings.

great and good experience. as described . Got this product as a Father's Day gift. He loves the product. For its price, it is excellent quality. A very good looking tool too. In addition, the customer service was excellent. I certainly would recommend it! so fast, receive it next day , for Tina ,

This is the only book I needed to start my small micro lab. It is complete and easy to follow. This is an excellent choice if you are a veterinarian (especially large animal) and want the basics of culturing, media prep, and diagnostic techniques. A must in every clinic!
