As one reviewer commented, this one appeared somewhat overstated but is FAR from that. Two volumes from Coach Lombardi on a great selection of Football aspects including some outstanding photos during those Championship years he was the Coach. Definitely a Keeper.

When I read the advertisement for the Vince Lombardi Football book set, I was leary. How often does something turn out the way it is advertised. I loved Lombardi and the Packers so much, I took a chance and was I ever pleased. The books, the covers and all the material inside the books is the real deal. I couldn't be happier. I am amazed the cost was so low. I thank and the provider for their honesty. Kickerron

The book is great, a lot of detail. The problem is I only received volume 2, I am missing volume 1.

The seller accurately stated the condition of the book. The product was shipped in a timely fashion.
