Customer Reviews

Skip this one as it is useless. It just list titles with no brief summaries of each title. Keep your money. You can search on the author in Kindle and the books are listed in order for free.

It need very helpfully

With a series of books as long as the- Hannah Swenson- it is nice to know there is a place to turn to in order to keep the books in in the correct sequence.

Not very helpful. I was expecting a synopsis of each story, not just a title and printing date. I was trying to figure out which books I had skipped or read out of order, and it is not at all what I was expecting.

Have not gotten this item, yet.

It is the best way to keep track of the books that I have already read great idea thank you.

Now I have a way to read this fun series in order. Love it!
