I have two bird feeders. This guide makes it easy to identify the birds in my garden. Appreciate that it's laminated as it gets heavy use from my grandchildren

This with a set of binoculars made an excellent gift for my grandchildren. Wonderful quality. Made to last a long time.

my husband and I keep it on the patio and refer to it often while watching the birds at our feeders. it is nice to know the names of the birds we see

LOVE that it is plasticized so the rain does nothing to it. Fits easily in the pocket of the backpack and has LOTS of colorful pictures to help me ID birds when I don't have the heavy book around.

Fits in my jacket pocket for when I'm on a walk or bike ride. So easy to have just the facts and not a big book to page thru or lug around.

This is a great guide. Easy to use. We now know what birds we have visiting our backyard feeders.

Perfect to fit in with my travels, great color,good information.

Very handy! A nice light-weight reference to carry in your backpack, car or purse. The plastic coating can withstand moisture & will easily wipe clean.
