This workbook makes one study well it is very organized! The only think I do not like it does not come with answers!!!

I bought this for my daughter. It was required for a course.

Wonderful Study guide. I bought it for my girlfriend and it really helped her study for the board exams.

BOUGHT IT FOR THE WIFE...

fast delivery and exactly the book I needed, Only disappointing that the description of new with some markings turned out to be a fully written on every page book. I only pulled it off by copying the book into a spiral notebook to turn in for class.

Perfect

Book was in great condition.

it has essential questions from the book. you don't need to memo everythings , it just gets to the important stuff you need to pay attention to in the manual.
