Nora Roberts is the #1 New York Times bestselling author of more than 200 novels. She is also the author of the bestselling In Death series written under the pen name J. D. Robb. There are more than 400 million copies of her books in print.

Another good book by Nora Roberts but I can't remember ever reading a bad one. Freddie and Nick have been around together through family for a long time and Freddie has waited to play her plan out on Nick to make him love her and of course he did. Having a family feels she deserves better. Good book

Nora Roberts writes such amazingly *real* characters & situations! I loved the dance of romance between Freddie & Nick. They certainly belong together, and I hope there are more stories about the

Stanislaskis...I have read the first 4 already! Ms. Roberts is one of my all-time favorite authors!

As always, Nora Roberts, comes through with a fantastic book. If they are a trilogy or one book it is always fantastic read. Thanks

Two talented people come together as one, after turmoil from the past keeps creeping up. True love does conquer all!

Was an OK book. It kept my interest but yet it wasn't one of my favorites of her books

Really good always enjoy her books. Just finished come sundown. It was wonderful

This was a very predictable story line. I wanted a little more mystery and lot less of a typical Harliquin_type book. I like the Author but was disappointed in this book.

Enjoyed the book. The continuation in the story lines of the same characters in the previous books was enjoyable.
