Synopsis

After Divorce: A First Time Straight To Gay Lesbian Erotica + Two Bonus Books Content Note: This is a short story that may be read in under 2 hours •Perfect to relax before bed or by the pool! For a limited time, this book also includes an extra 20+ hours of bonus stories for your enjoyment! After eight years of marriage, I found out that my husband was sleeping with his assistant. The entire ordeal took me by such surprise, I honestly had no idea what would happen to me. My entire life, I had lived just for Elliot. Doing everything she wished, supporting his life and being the perfect wife. Now, I had nothing. No husband, no future family, no plans. It was a position that I had never found myself in before. I had no idea how to date and honestly, getting back into the scene sounded absolutely horrifying. Yet I still went to the bar that night. I still decided that you know what, I'll see what fate has in store. She already screwed me over once, what worse could she do? So, I went out to drink away my worries, hoping to get hit by a car. That didn't happen, of course, or else, who would be telling you this story? The story of how I finally cut away from my husband, took control of my life and, during that fateful night at the bar, met two people that would completely change my life in a way I never imagined? Whoever it would be, they certainly would leave out all the good details. So, pull up a chair, cause I have quite a story to share. It's about me, and two beautiful women who taught me to love again. EDITION NOTE: Please note this story is an erotica adaptation of the original "After Divorce" by the same author. AUTHOR'S NOTE: This is a stand-alone story with an HEA, so no cliff-hangers! This story contains explicit love scenes and is intended for 18+ readers only.
