Rich Bitch: A Simple 12-Step Plan For Getting Your Financial Life Together...Finally

Synopsis

In this New York Times bestseller, journalist and financial expert Nicole Lapin shows women how to take charge of their lives by taking charge of their money. Do your eyes glaze over just thinking about the mumbo-jumbo language of finance? Do you break out into hives when faced with getting your financial life together? Well, sister, you are not alone. In *Rich Bitch*, money expert and financial journalist Nicole Lapin lays out a 12-Step Plan in which she shares her experiences—mistakes and all—of getting her own finances in order. She talks to you not like a lecturer but as your friend. And even though money is typically an “off-limits” conversation, nothing is off-limits here. Lapin rethinks every piece of financial “wisdom” you’ve ever heard and puts her own fresh, modern, sassy spin on it. Sure, there are some hard-and-fast rules about finance, but when it comes to your money, the only person who can tell you how to spend it is you. Should you invest in a 401(k)? Maybe not. Should you splurge on that morning latte? Likely yes. Instead of focusing on nickel-and-diming yourself, Nicole’s advice focuses on investing in yourself so you don’t have to stress over the little things. *Rich Bitch* rehabs whatever bad money habits you might have and provides a plan you can not only sustain, but also thrive on. You won’t feel deprived but rather inspired to go after the rich life you deserve, and confident enough to call yourself a rich bitch.

Customer Reviews

“*Rich Bitch* should be mandatory reading for every young professional woman who wants to

take control of her financial destiny. Lapin provides unfiltered, brilliant advice to a generation of women taking aim at their own success and wealth. (Mindy Grossman, CEO of HSN) “Nicole’s advice is a swift kick in the pants to the young, ambitious, upstart women out there who want control over their lives, debts, and careers. (Wendy Williams, host of “The Wendy Williams Show”) “Let Nicole be the doctor for your financial health and you will feel better in more ways than you’d think. (Dr. Oz, host of “The Dr. Oz Show,” and Lisa Oz, host of “The Lisa Oz Show”) “Rich Bitch is essential reading for 21st century women wanting to rise to the top of the economic ladder. Everything that you need to know is in here, all of it said with the wit and confidence we’ve come to expect from Nicole. (Rebecca Taylor, designer)

In Rich Bitch, money expert and financial journalist Nicole Lapin rethinks every piece of financial “wisdom” you’ve ever heard and puts her own fresh, modern, sassy spin on it, showing you how to finally get your financial life in order. You will learn: How to lay out and achieve 1-, 3-, 5-, and 10-year goals What to spend and what to save •and why How to budget like a pro The truth about credit cards, 401(k)s, buying a house . . . and more! Rich Bitch rehabs whatever bad money habits you might have and provides a plan you can not only sustain, but also thrive on. You won’t feel deprived but rather inspired to go after the rich life you deserve, and confident enough to call yourself a rich bitch.

Rich Bitch is a great book for anyone to read. The book is sold as a book written by a woman for other women to read but as a guy they book is still very pertinent and I feel as though Nicole Lapin is cutting her audience in half by targeting women. The book is full of practical advice and lessons learned by Lapin as she was growing up. The book doesn’t have the normal dry style most finance books have, it’s actually a joy to read and helps give you a plan to get out of the financial mess you may be in and plan for the future. It really is a great book on finance and I would encourage anyone to read it, this is not just for women.

I heard about this book on the LadyGang podcast. Nicole was a great guest and really got me interested in taking charge of my finances. This book is the perfect tool for millennial women to finally understand money and what to do with it. I learned so much about money from this book and it opened a lot of discussion about money in my relationship and family. I would definitely

recommend it to any millennial woman.

I am enjoying this book right now. Very down to earth and straightforward. It feels like your best friend is talking to you over coffee about getting your finances together.

Good read, i wouldn't take everything as bible, but i think it was a good starting point and a good getting started guide. Also, it's totally dependent on your situation. I read in the comments before reading the book that Nicole is very against buying a house. Again, don't take the book as bible, she was writing about her own situation and experiences.

Super general, just dipping your toe in the water kind of info -- but a good book, if this is what you are looking for. Written well.

What a light and refreshing take on the world of finance! This book offers great (and completely real) advice on how to keep your money in check. I would absolutely recommend this to young, working women everywhere who are interested in getting ahead and learning how to balance out their financial lives, but still looking to have a little fun (code for online shopping/Starbucks runs) once in a while.

I was 33 before I opened my first bank account. I'm now a small business owner and learning the ropes of budgeting, balancing and tracking, I wish I had had this book sooner. Nicole's playful and palatable tone serve up an array of advice that varies from big picture to very granular. I wholeheartedly recommend this book as an excellent read, meaningful gift, and something every mother and her daughter should review together.

I received this book promptly & it is in excellent condition & I enjoy reading it! Thank You!
