Summary Of Just Mercy, By Bryan Stevenson | Includes Analysis

Synopsis

Summary of Just Mercy by Bryan Stevenson | Includes Analysis Preview: Just Mercy: A Story of Justice and Redemption is a legal memoir by Bryan Stevenson. It is set in the 1980s and early 1990s and follows Stevenson's legal career as an advocate for Alabama prisoners who have been condemned to death, especially prisoners who have been wrongly condemned and unjustly treated by the legal system. Stevenson focuses on the case of Walter McMillian, a black man who was falsely convicted of the murder of Ronda Morrison and placed on death row. Through an investigation and painstaking appeals process, Stevenson ultimately succeeds in exposing the testimony against McMillian as false, wrongly obtained through police coercion and perjury. As a result, McMillian's sentence is overturned and he is cleared of all charges.... Please note: This is key takeaways and analysis of the book, and NOT the original book. Inside this Instaread Summary of Just Mercy: Overview of the book Important people Key takeaways Analysis of key takeaways About the author: With Instaread, you can get the key takeaways, summary, and analysis of a book in 15 minutes. Customer Reviews

This is an overview of the actual book *Just Mercy*. Kind of like an abbreviated Cliff's Notes for the full book. It provides a potential reader enough information regarding this book's content to determine if we want to invest the extra money and time to actually buy and read the entire book. There are few circumstances that could be more

personally harrowing than to be in prison and/or on death row for a crime you did not commit. The author of this book is a defense attorney who goes into great detail regarding what is actually required to free someone who is falsely accused,. This summary provides more of the detail from the book.

This is an excellent summary of Bryan Stevenson's memoir about his career as a defense attorney in the criminal justice system. Stevenson has spent his career defending convicted men who were falsely accused. His memoir focuses on the case of Walter McMillan, a black man who was wrongly convicted of the murder of Ronda Morrison, a young white woman from a well-known family in Monroeville, Alabama. Monroeville, btw, was the hometown of author Harper Lee, who wrote *To Kill a Mockingbird*. This summary gives the highlights of Stevenson's struggle to investigate and appeal McMillan's case. I got enough out of this summary to make me want to buy the book. I highly recommend it.

"Just Mercy" is a legal memoir by Bryan Stevenson. It is set in the '80's and early '90's and follows Stevenson's legal career as an advocate for Alabama prisoners who have been condemned to death, especially prisoners who have been wrongly condemned and unjustly treated by the legal system. Stevenson focuses on the case of Walter McMillian, a black man who was falsely convicted of the murder of Ronda Morrison and placed on death row. Through an investigation and painstaking appeals process, Stevenson ultimately succeeds in exposing the testimony against McMillian as false, wrongly obtained through police coercion and perjury. As a result, McMillian's sentence is overturned and he is cleared of all charges. This Instaread analysis takes the original memoir and dissects its important takeaways into a highlight reel. This review of Stevenson's book includes additional analysis and insight into the characters, the author, and the theme of mercy. While I wish I had the time and dedication to read all the fascinating books being published each day, I'll settle for Instaread. It is much better than CliffNotes or SparkNotes, who seem to only focus on classic literature, and is much more accessible. I was given a copy of this book to review.

I received a free copy of this book in exchange for an honest review. This is a clear and well written summary of Bryan Stevenson's "Just Mercy." It is great for those who would like a quick overview of the book. I read through the summary in less than 30 minutes and was able to get a good grasp on what the book is about. The summary is divided into eight key takeaways that highlight the main points of the book. This book discusses prisoners who are wrongly accused in the legal system and

particularly focuses on Walter McMillian's murder case. It points out some major flaws into our legal system, and I think this summary is worth reading.

Arrived right on time and as promised!

I learned so much about the "justice" system that existed and still exists in certain areas of the south. A well-written page-turner from beginning to end. It clearly revealed the areas that need immediate correction....and not just in the south, I might add.

An excellently written book of the misjustice that was a practice done in the South in the past and still carry forward today. We could use more people in this world like Mr. Stevenson.

Hoping for questions to pursue while reading. None provided.
