# Carol Doak's Legal-Size Foundation Paper

## **Synopsis**

This new, larger size is the same great quality as the 8-1/2 x 14 sheets you know and love. Fabric doesn't slip on the surface and you won't have any extra bulk when you join sections of your blocks together. This paper is absorbent, so any inked areas won't transfer to your fabric. Now it's easier to create longer quilt border designs -a free border pattern is included in the package!

## **Customer Reviews**

Everybody seems to have their favorite paper-piecing go-to. This isn't mine...but it's one of the only ones I can find in 8.5x14 (Legal) size. PROS: runs through the printer nicely, tears away nicely CON: not as easy to see through (compared to June Tailor, for example) Pro-tip: if you use this in a printer, only run through one sheet at a time; don't try to do a bunch of copies, as it (and any other newsprint) can stick together and cause multiple issues.

Highly recommend!

I am just starting paper piecing, this paper works very good holds together. I was afraid it would rip easily but I have had no problems. I use removable tape if I make a mistake and have to re stitch. When it comes to removing the paper, a little stretch/pull and it is easily removed.

This is basically newsprint. I use this all the time when I foundation piece or paper piece as it's also called. It stays together until I want to remove the paper from the blocks as long as I don't handle it too much. It's thin enough I can trace designs. It removes easily when I want to remove it.

The foundation paper was easy to put in the printer and print on and easy to tear away from the quilt blocks. The only thing I did not like is that it is not transparent so makes it harder to see through to line up fabric pieces.

If you thinking about using another paper for piecing, think again. Great paper for paper piecing. Removes easily and ink doesn't run. Can get more foundations on a single piece of paper. Another quality product from Carol Doak. Would recommend without hesitation.

This paper is excellent for larger paper pieced patterns. It tears easily when needed, but holds together pretty well when you need it to as well!

works great!
