Fun book. Grandkids liked it and kindergarten we could read it.

Opened the book and all of the pages fell out! SO DISAPPOINTED!

Cute, easy read for my daughter. She loves it.

Kids that like bugs enjoy this book very much

I was really disappointed when the books I ordered in this series arrived. They use an interior font that has letters no learning-to-reader would recognize, like stylized "a" and "t". I think in a book that is for a beginning reader you need the most generic looking font using the most basic looking letter styles for kids who are just putting letters together into words.

Really great beginner book. It's a cute story and an easy read. It's good to have to boost my first graders (6 years old) confidence. My son enjoys the illustrations as well. I would absolutely recommend this to new readers - kindergarten and first graders.
