My Little Golden Book About God

Synopsis

This poetic book illustrates how even the tiniest things that we might take for granted, like the "jewels on the insect's back," are part of God's great plan. A comforting, gentle introduction to the concept of God, it is one of the most beautifully written and illustrated books on the Golden list.

Such a lovely little book. Trying to teach my 3 year old granddaughter about God.

I had this book as a child, and was thrilled to find a copy for my own daughter. This is a sweet book and I am so happy to share it with her!

Is thick like a board book doesn't look or feel like the traditional golden books, but illustrations are very pretty and the message is good

Having been read this little book by my mother, I purchased it for my grandchildren. They are still a little bit young but will start reading it to them soon. The illustrations and language are still as beautiful as I remembered.

This book reminds us of so many things here on earth that come to us from God. The pictures are lovely. I highly recommend it.

Great book to teach little ones about God.

3 stars for page material- easily wrinkles and hard to turn while holding child

Beautiful drawings and the writings have a lovely rhythm when read aloud...very nice and peaceful for bedtime
