Customer Reviews

This book is SOOO boring. It consists of long and even longer sentences. For example:- Many people with Scottish ancestry living abroad can trace their heritage back to these areas of Scotland, including those living across North America and even further afield in New Zealand and Australia, where many of the highland families emigrated to in big numbers.- Viele Menschen mit schottischen Vorfahren, die im Ausland leben, kÃƒÂ¶nnen ihr Erbe zu diesen Regionen Schottlands zurÃƒÂ€ckverfolgen, einschlieÃƒÂlich derjenigen, die in Nordamerika leben und darüber hinaus in Neuseeland und Australien, wohin viele der Highland-Familien in groÃƒÂer Zahl ausgewandert sind. How will this book help me learn German? It's awful. Don't waste your money.

This app is especially fun for people who have studied some German and may want to use it as a refresher. I can't say I would have chosen stories that had to do with students in Spain, but then I wouldn't have learned the words, and information, they provided. I enjoy the bilingual format that lets me check what I think I have read without resorting to a dictionary.

Excellent publication

It is a fun way to practice German

Parallel text helps a lot. This is a great way to start reading some German.

a very good text

ok

Hard to follow with translations somewhat distant from start of a segment. I really did not think the stories were funny. Guess my German Ancestry American humor differs from real Germans! Some of the stories fall into a category that I would call just plain stupid.
