The Further Adventures Of Rush Revere: Rush Revere And The Brave Pilgrims / Rush Revere And The First Patriots / Rush Revere And The American Revolution / Rush Revere And The Star-Spangled Banner

Synopsis

Explore the earliest days of the United States with this boxed set of the #1 New York Times bestselling Time Travels with Exceptional Americans series from Rush Limbaugh! Millions of young readers have taken a ride with Rush Revere and his trusty steed, Liberty. Now in this special boxed set edition, you can enjoy the four bestselling adventures back through our nation's history. Rush Revere and the Brave Pilgrims: Go back to the beginning by joining a shipload of brave families journeying on the Mayflower in 1620. That was a pretty awesome time, and you'll experience exactly what they did on that rough, dangerous ocean crossing. Together, we'll ask the pilgrims all our questions, find out how they live, join them at the first Thanksgiving, and much more. Rush Revere and the First Patriots: Join Rush and his friends on the second adventure on the bustling streets of Boston in 1765, where talk of revolution is growing louder. You'll meet fierce supporters of liberty like Samuel Adams, Benjamin Franklin, and my idol, Paul Revere, as they fearlessly defy British rule. Rush Revere and the American Revolution: Rush back in history to the precipice of the American Revolution, when rebellion is in the air. We'll be on hand to see two lanterns hung in the Old North Church, prevent a British spy from capturing Paul Revere, and grapple with danger at the battles of Lexington, Concord, and Bunker Hill. Rush Revere and the Star-Spangled Banner: Jump back into the saddle with Rush Revere as he explores our America's first days as a nation. Rush and his young friends meet James Madison as he writes the Constitution and Francis Scott Key as he writes our national anthem during the Battle of Baltimore.

Excellent read, even for adults! The first book helped me to review my elementary education!
Thanks, Rush!

Beautiful and well done!!!

These books are so captivating. Each one takes you back in time as if you are there. This is a great way for my 9 yr old to actually learn the true history of America without a teachers spin/opinion.

A good book series for anyone. Purchased for 10yo who loves to read and enjoys books like this (using real information and adventures with kids involved). When received, the 18yo saw the books and was very interested in reading them as well, since the teen had already read book 1 a few years prior and had really enjoyed it. Overall, a good purchase and we like having the sets that come in the box to keep them together.

This excellent series of books will teach your kids about American history that they are not necessarily taught in school. It is fun reading, i. e. not boring, as history can sometimes be.

We found these books to be very written and engaging for the kids, and the adults enjoyed them too! They provide an easy, engaging way to learn the true history of America, not the politically-correct, revisionist history taught in so many of our schools these days. And the kids actually WANT to read and learn more, rather than being bored, memorizing dates and places. These immerse you in the historical events, so you understand what really happened, their meaning

and importance. If we taught history this way in our schools, America would be a much better place today.

A must have to teach young conservatives so they won't snowflake out later in life.

sent this set to my youngest grandson (26) to read and save for possible future children. How could one not learn and enjoy the time traveling horse and rush revere. this is my second set the first set (after i read them) went to the older grandson for him and the baby girl. Good investment.
