Customer Reviews

I got good grades thank you. This is just what I needed.

Book is detailed and straight forward, but the online companion is pretty terrible. There are typos and errors all over the place and it's supposed to be a business communication textbook. Really hard to take it seriously.

I purchased the book for my course but in the Kindle format. Right away, I Knew I was in deep doo doo. I'm in an online course and the Kindle edition doesn't have page numbers the teacher is referencing! Great buy though.

needed it for school

great!

Very Good!

Not really use it on my class. Though it has the information you need in studying business communication

One of the better text books I've had in my master's program. Very applicable with my current job!
