Soohee Kim, Ph.D. is on the faculty of the University of Washington's Department of Asian Languages and Literature. She has taught the Korean language to a wide variety of learners in both the US and Asia.

Great format, and it breaks down the cards into four categories (i.e. nouns, adjectives, etc).

Unfortunately I received duplicates of part 3, never received part 4. Otherwise I would have given them a 4-5 star rating.

Great practice for on the go or just to squeeze in 20 minutes every now and then. The size of a drivers liscence and the font is 12 or 14 for most part; the beginning word is the biggest word on the card. They're for learners who've already mastered Hangul because the translations are a bit off.

Easy to use, feel like a kid again!

Excellent product.

These flashcards are excellent. They are durable and have lots of good vocabulary! Not only does the card have the vocabulary word translation on the other side, but it also has similar/related words to learn. Highly recommend these cards to anyone looking to increase their Korean vocabulary!

Learning Korean is not easy. This will work well if you commit yourself to a long term commitment. This flash cards will be good to build a vocabulary which is essential.

Great, amazing thing to help learn Korean!!!

I bought as a gift for someone about to work in Korea. She loved it! They are easy to read, yet small enough for her to use on the train and bus back and forth to work.
