Feminism And Pop Culture: Seal Studies

Synopsis

Whether or not we like to admit it, pop culture is a lens through which we alternately view and shape the world around us. When it comes to feminism, pop culture aids us in translating feminist philosophies, issues, and concepts into everyday language, making them relevant and relatable. In *Feminism and Pop Culture*, author and cofounder of Bitch magazine Andi Zeisler traces the impact of feminism on pop culture (and vice versa) from the 1940s to the present and beyond. With a comprehensive overview of the intertwining relationship between women and pop culture, this book is an ideal introduction to discussing feminism and daily life.

Customer Reviews

Andi Zeisler is a writer, editor, and cultural critic. She is the cofounder of Bitch Media, the nonprofit best known for publishing the award-winning quarterly magazine *Bitch: Feminist Response to Pop Culture*, which has over 50,000 subscribers. Zeisler is extremely plugged into the community of feminist bloggers, her writing on feminism, popular culture, and media has appeared in newspapers and magazines including *Ms.*, *Mother Jones*, *BUST*, the *San Francisco Chronicle*, the *Los Angeles Review of Books*, and the *Washington Post*. She regularly speaks at colleges and universities and holds interviews in various national publications and radio programs around the country. She has been featured and interviewed in publications like the *New York Times*, among others.

I got this book for my women's studies capstone class. I learned a lot from it and honestly I think

that I understand pop culture a lot better now than i did before. Now that I've finished reading it, this book is now doubling as my watch list.

Good, I am using it for a Pop Culture lesson. Good addition as a piece of reference material for pleasure reading but good for the purpose for which I purchased it.

A great survey but I would have loved another 300 pages or so. Definitely a fine introduction to this field.

I used this book for a class on Gender and Popular Culture, and it was a great supplement and super interesting. I've kept it because I enjoyed it so much and learned a lot about our culture. I would recommend it even just for a casual read.

Arrived on time, practically new! Definately met my expectations.

Interesting read, definitely not what I expected. I was prepared to be flamingly pissed off the whole time but that was not the case. Written with humor which helps to diffuse the parts that do piss you off. All around a good read for anyone wishing to understand the relationship between feminism and pop culture.

good book

Not that informative, could find all the info on the Internet for free
