Shipping Weight: 1.4 pounds

Average Customer Review: 3.7 out of 5 stars 9 customer reviews

Best Sellers Rank: #131,445 in Books (See Top 100 in Books) #64 in [Books > Textbooks > Humanities > Foreign Languages > Japanese](#) #1615 in [Books > Reference > Dictionaries & Thesauruses](#)

Customer Reviews

Workbook/Lab Manual

Very poor condition. Not what I expected at all. Pushing the limits of the "Acceptable" designation; it should have been designated "Poor".

Good

fine product

great condition

I have the second edition of the workbook and the second edition of the textbook. Apparently when they edited and "simplified" the textbook nobody bothered to update the workbook. As a result, the workbook references incorrect page numbers in the textbook, and asks you to know words that no longer appear in the vocabulary lists of the text. This series also emphasizes learning kana and kanji more than other beginning books I've seen, which can be good or bad depending on why you are studying Japanese.

I had this as an assigned text, along with the actual textbook. The practice is really good, but sometimes the exercises would drag on, and I'd think, "how many times can I practice this grammar lesson??" If you can get the kanji into your practice sentences, you'll get some better practice. It's not nearly as good as practice with a real person (conversation or letters), but it'll certainly support your endeavors to study Japanese.

had to get it for class

I bought this workbook for Japanese 1 and 2. It's the same as the 3rd edition (hint: wink wink). It's great for hiragana, katakana, and kanji. Great work book for learning the language. Another thing, your teacher makes a difference on how this workbook is used.
