Customer Reviews

This new book by Jennifer Martinson turned out to be a very effective guide on how to deal with psoriasis in a natural way - and keep the skin healthy. I tried some of the remedies and have been pleasantly surprised about how quickly they work. In summary - the book content overall is well-written and the psoriasis remedies are very practical and easy to use. Jake

This was horribly written and had no helpful information at all. It's very amateur and reads like a poorly written high school term paper. I forced myself through it hoping to just get one nugget of new information to make it worth the \$3 but got nothing. There is nothing remotely useful in this tiny pamphlet.

Are you trying to cure psoriasis? Is it even possible? The answer is yes, if you know how... And in this book you will learn exactly what you need to do in order to overcome psoriasis. Stop suffering from psoriasis and download this book!

This "book" is sloppily written and offers very little information. I found out more about psoriasis with a quick google and Pinterest search. Don't waste the money.

This didn't say anything new. Use tar shampoo, healthy diet, use lotions bought over the counter, none of this is natural or new information!

I WANTED SIMPLE AND EXTERNAL. NOT ORAL. TREATMENT S W WELL I'm trying them .it takes time to see what works on each person. So I need to hold my opinion until I see how it goes. Believe or not. I FOUND THAT CHAP ICEBRAKES DOWN THE PLACK ON MY FACE. AND THEN IT JUST PLEELS OFF

Some important facts, but I wouldn't recommend buying, the facts are very widely available online.

Dr pagano remain the most informative
