Chemistry: A Molecular Approach, Books A La Carte Plus MasteringChemistry With Pearson EText -- Access Card Package (4th Edition)

Synopsis

NOTE: This edition features the same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value—this format costs significantly less than a new textbook. Before purchasing, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. For courses in Chemistry. This package includes MasteringChemistry®. Building 21st Century Data Analysis and Problem-Solving Skills in Modern Chemistry The Fourth Edition of Niva Tro's Chemistry: A Molecular Approach reinforces students' development of 21st century skills including data interpretation and analysis, problem solving and quantitative reasoning, applying conceptual understanding to new situations and peer-to-peer collaboration. Nivaldo Tro presents chemistry visually through multi-level images—macroscopic, molecular, and symbolic representations—helping students see the connections between the world they see around them (macroscopic), the atoms and molecules that compose the world (molecular), and the formulas they write down on paper (symbolic). The benefits of Dr. Tro's problem-solving approach are reinforced through digital, Interactive Worked Examples that provide students with an office-hour type of environment and expanded coverage on the latest developments in chemistry. New Key Concept Videos explain difficult concepts while new end-of-chapter problems including Group Work questions and Data Interpretation and Analysis questions engage students in applying their understanding of chemistry. The revision has been constructed to easily incorporate material for instructors and students to engage in Before, During, and After class activities. Personalize Learning with MasteringChemistry MasteringChemistry from Pearson is the leading online homework, tutorial, and assessment system, designed to improve results by engaging students before, during, and after class with powerful content. Instructors ensure students arrive ready to learn by assigning educationally effective content before class, and encourage critical thinking and retention with in-class resources such as Learning Catalytics®. Students can further master concepts after class through traditional and adaptive homework assignments that provide hints and answer-specific feedback. The Mastering gradebook records scores for all automatically graded assignments in one place, while diagnostic tools give instructors access to rich data to assess student understanding and misconceptions. Mastering brings learning full circle by continuously adapting to each student and making learning

more personal than ever—before, during, and after class. For courses in Chemistry. This package includes MasteringChemistry®. Building 21st Century Data Analysis and Problem-Solving Skills in Modern Chemistry The Fourth Edition of Niva Tro’s Chemistry: A Molecular Approach reinforces development of 21st century skills including data interpretation and analysis, problem solving and quantitative reasoning, applying conceptual understanding to new situations and peer-to-peer collaboration. Nivaldo Tro presents chemistry visually through multi-level images—macroscopic, molecular, and symbolic representations—helping you see the connections between the world (macroscopic), the atoms and molecules that compose the world (molecular), and the formulas you write down on paper (symbolic). The benefits of Dr. Tro’s problem-solving approach are reinforced through digital, Interactive Worked Examples that provide an office-hour type of environment and expanded coverage on the latest developments in chemistry. Book Information

Loose Leaf: 1184 pages

Publisher: Pearson; 4 edition (June 12, 2016)

Language: English

ISBN-10: 0134162455

ISBN-13: 978-0134162454

Product Dimensions: 8.3 x 1.6 x 10.8 inches

Shipping Weight: 5.7 pounds (View shipping rates and policies)

Average Customer Review: 5.0 out of 5 stars 1 customer review

Best Sellers Rank: #45,971 in Books (See Top 100 in Books) #11 in Books > Science & Math > Chemistry > Molecular Chemistry #34 in Books > Science & Math > Chemistry > Physical & Theoretical #263 in Books > Science & Math > Chemistry > General & Reference

Customer Reviews

Nivaldo Tro received his Ph.D. in Chemistry from Stanford University. He completed his postdoctoral research at the University of California at Berkeley. In 1990, Dr. Tro became a faculty member at Westmont College in Santa Barbara, California. During his time at Westmont, he has been awarded grants from the American Chemical Society, Research Corporation, and the National Science Foundation. Dr. Tro has received Westmont's outstanding teacher of the year award three times. He is the successful author of the market leader text, "Introductory Chemistry, "5e (Pearson), "Chemistry: A Molecular Approach, "3e (Pearson), "Chemistry: Structure and Properties, "1e (Pearson), and "Chemistry In Focus: A Molecular View of Our World, "4e. "

Dropped out of chemistry now have a \$200 paper weight. Thanks college.
