7 Perfect Days In The Virgin Islands: From The Tundra To The Tropics, Our Favorite Winter Escape!

Synopsis

Ever wondered how to visit 7 islands in 7 days, and how to do it on a strict budget? Avid traveler, equestrian, wine connoisseur, foodie, and owner of Wells Property Group, Kristen Wells describes how to spend 7 perfect days in the Virgin Islands on a budget, utilizing St. Thomas as home base and visiting more than 7 islands (including St. John and the British Virgin Islands). Having visited the Virgin Islands more than 10 times over the past 5 years and owning real estate in St. Thomas, Kristen describes in detail how to spend the perfect vacation, and even a bit of information on how to purchase your very own piece of St. Thomas in an affordable way, if so desired. Known for her travel and real estate expertise (as Kristen owns property around the world), Kristen details the following information by-day in the Virgin Islands: 1) Restaurants - By name, type, and budget, as well as specific menu examples 2) Activities - From sailing to snorkeling, the best places to go for the least amount of money 3) Island Hopping - How to visit MANY of the islands, which ones are the most beautiful, and how to do it all on a budget. For example: 4 people people spending the day on St. John and snorkeling on 12 different beaches for less than \$80 total! 4) Transportation: How to travel around the island 5) Beaches: The best beaches to visit, not just the touristy ones 6) Shopping: What girl doesn't like to shop? 7) Real Estate: After Kristen visited the Virgin Islands for the first time, she fell in love with them, and soon discovered that buying property in the Virgin Islands isn't only reserved for the wealthy. One year later, Kristen purchased her very own piece of St. Thomas and not only visits the island frequently, she rents it out and makes a nice income as well. In this book, Kristen will tell you how she did it. 8) Pictures of places to visit and fun things to do. and MUCH MORE.....

Customer Reviews

When contemplating where to spend our winter vacation, The Virgin Islands topped the list. However, with so many island options the choices became overwhelming. This book was really helpful in selecting which island to make our base while hopping over to other islands such as St. John. We decided to stay on St. Thomas in one of the Wells properties. The accommodations of our condo was impeccable. From the serene views to the breathtaking landscape all around, this property is well cared for and provided comfort and pampering while away from home. In addition to the cleanliness and orderliness of the condo, we found it spacious and relaxing. They have thought of every amenity that one would want or need while vacation away from home. Additionally, the lay out of the condo within the resort was a real treat. The kids discovered a hide-away pool at the north end of the resort just a stones throw from the condo. Each day we played and swam in this pool. It was very nice and not heavily populated. Many a days we were the only ones at the pool which was awesome. The resort also offers dining options which makes it convenient after a sunny, warm, fun-filled day of island hopping and excursions. The most valuable item we took on vacation with us was the book written by Kristen Wells. As previously mentioned, we stayed in a property owned by her in St. Thomas. This book did a fantastic job outlining how to tour the neighboring Virgin Islands and made it rather thoughtless. We were able to plan our trips within our budget and enjoy the finest the Virgin Islands have to offer. Whether it was Catamaran-ing between the islands, or jet-skiing in the open waters, it was the perfect guide showing what the islands have to offer and how to enjoy it all. The places we elected to visit, or excursions we planned were also kid friendly. These islands are perfect for a romantic get-away, but also kid friendly so families can enjoy spending time together and creating chance of a lifetime memories.

The other reviews must be Kristen's friends. I was expecting a travel guide when I purchased this book. What I got was basically Kristen spending a week at the Islands and eating fish sandwich? Of course she promotes her condo that she bought and rents out and you get plenty of mention of that, advertising and some amateur emoticons like

Kristen, we enjoyed reliving our trip to paradise with you and Jeff as we read your blog. No better vacation in the world to recharge and eliminate stress. We can't wait to stay at your beautiful condo again. Thank you for an amazing week filled with adventure and memories to last a lifetime!! We have to go back soon because Craig has not perfected the Painkiller yet!!! Last one to the beach is a rotten egg, mon!!!!

Very informative! I love the Virgin Islands, but I have not been to many of the places mentioned. I want to see it all the next time I visit, and I hope Kristen's condo will be available then. The photographs are gorgeous, too!

It was more like a journal of her trip posted for everyone to read. I was hoping for more photos perhaps and more info on the towns. Less about the real estate options at your condo, sorry.

Great book

Truly a magnificent paradise and the description is totally accurate. The best of St. Thomas !!
