## Customer Reviews

This book is a very well written, easy to understand book. I live in NH and found this book to be quite handy in finding the out of the way locations that might not be found otherwise. This book is clearly written and very easy to understand. The directions are easy to follow and pretty accurate. All around great book to have if you want to see very nice areas of NH.

This book has nice essays really, about the different regions of New hampshire. It won't replace a tour guide, but it gives you more of a feel about the people and places of the state. It is very well written and a nice book o read while relaxing This may give you more an an idea of where you may want to go than just a list of Inns and attractions.
