Medical Terminology Complete With MyMedicalTerminologyLab Plus Pearson EText - Access Card Package (3rd Edition)

Synopsis

NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, and registrations are not transferable. To register for and use Pearson's MyLab & Mastering products, you may also need a Course ID, which your instructor will provide. Used books, rentals, and purchases made outside of Pearson If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab & Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. The book may be used as a text to support lectures or as an independent student workbook. Today's visual, learn-at-your-own-pace guide to medical terminology Concise and conversational, Medical Terminology Complete! teaches the most current language of healthcare, using a self-guided, programmed learning approach that has helped thousands of students prepare for health careers. It emphasizes the key medical terms used in hospitals and clinics, while providing only the most essential A&P information. With its interactive format and its wealth of clear definitions, vivid images, practical examples, and challenging exercises, it provides everything students need to become proficient in speaking and understanding the language of medicine. Adaptive Learning with MyMedicalTerminologyLab MyMedicalTerminologyLab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. No matter their learning style, students will build a solid foundation of medical language through MyMedicalTerminologyLab's interactive games, Dynamic Study Modules, and narrated lectures. ISBN-10: 0134045645/ISBN-13: 9780134045641 package includes ISBN-10: 0134042387/ISBN-13: 9780134042381 and ISBN-10: 0134088069/ISBN-13: 9780134088068.

Customer Reviews

Bruce Wingerd is a member of the Biology Department at National University in San Diego, California. Previously, he has held teaching/administrative positions at Edison State College (now called Florida Southwestern), Broward College, and San Diego State University. His degrees are in the fields of zoology and physiology, and he has taught courses in medical terminology, human anatomy, advanced human anatomy, and anatomy and physiology for more than 30 years. He has written numerous textbooks, lab manuals, and multimedia learning resources in medical terminology, human anatomy, anatomy and physiology, histology, and comparative mammalian anatomy. His goal in teaching and writing is to provide students with learning tools that will help them reach their potential through education. He enjoys counseling students in the health sciences, developing novel approaches to teaching and learning, and leading faculty in the drive for excellence in education.

This is the exact book I needed for my medical terminology class. The book was in perfect condition. At first I was hesitant to buy because I didn't know if it included the code for the lab. This DOES INCLUDE THE CODE. And on top of that, you get an e copy of the text with the code. The pages are very thin and almost newspaper like. So be careful when turning the pages! Overall, this is exactly what I needed for my class and it came a lot sooner than expected.

Great book, easy to read and comprehend but it was not required for class. I still have it as I forgot to sell it back

Arrived the next day(prime 1 day delivery...arrived about 6pm). Book was new as advertised and contained my terminology lab as advertised.

best invention ever It has done exactly what I got it for. great price and item Seems to be a high quality one!! you won't do better at this price anywhere So these are not what I was expecting...but I

love them!!
