The Victorian Lady: Her Customs, Her Passions, Her Life

I had been given this delightful volume years ago by a friend, when I was moving from California to Missouri. Four years later, during the move back, the folks helping me didn't pack this item. I loved Alan Malley's paintings and couldn't afford to purchase any. I was a true "Victorian" at heart, back then. This dear friend gave me this book, packed with "Victoriana" trivia and Malley's beautiful artwork. In my opinion this is a must for anyone who feels they were born in the wrong era.

A beautiful lil book! Informative as well as lovely. Perfect for fans of the Victorian period.

MY MOTHER HAS THIS PAINTING ON HER BEDROOM WALL. SHE LOVES THIS STYLE AND IS ENJOYING THE BOOK AND READING ABOUT THE ARTIST.

Great book for the price! I am learning alot about the 19th century era for women. I hope to purchase more similar books. Thanks!!

This book is a great reference guide for anyone wanting to learn about the pastimes and life of the victorian lady. The illustrations in this book are absolutely beautiful. Although some parts of this book are hard to read due to being printed on designed paper, if you try to read it, it should not be very difficult. I would also recommend this book to anyone wishing to give a victorian tea, garden, afternoon, or dinner party.
