7 Secrets Of Shiva

Synopsis

Shiva, the destroyer, among the Hindu trinity (of gods), is depicted in many contradictory manners. He is an ascetic who wears animal skin, his body smeared with ashes. Contradictory to his wild nature, he is also depicted as having a family, with a beautiful wife and two children. There are many more such varied representations of Shiva, the most prominent of these being the Linga and the Nataraja. The author, Devdutt Pattanaik, introduces the readers to these varied aspects and representations, and then sets about interpreting them. He explains the different anomalies and conflicts in beliefs, as well as the symbolism, rituals and reasons behind Hindu worship.

Customer Reviews

This is good, really good. I enjoyed it with great interest and pleasure. Try it; you won't have to wade through alternating pages of Devanagari.

Western minds understand the usage of stained glass in the western churches. Pattanaik makes

very clear the symbolism inherent in the ancient stone and bronzes of Bharata. This review is worlds away from conveying what a sincere reader might realize from his culture. Beautifully done!!! I look forward to reading more of his work.

As with all the other books of Mt Pattanaik, you learn so much about the philosophy of Hinduism. The book goes through various avataras of Vishnu and also what Vishnu signifies and how he differs from Shiva.I highly recommend this book to anyone trying to understand Hinduism philosophically. Many things in Hinduism which are ritualistic and lack sense actually make alot of sense after reading Devdutt Pattanaik's books.

Love this book!!! It provides clarity to a lot of philosophy and cocepts of culture. Clean and easy read. Thanks Devdutt!!!

This book is full of wisdom, contains plenty of illustrations and is written in simple and understandable language. I would recommend it for europeans who want to know and understand ancient Indian (Vedic) culture more deeply.

Some questions were answered and ideas clarified. Would be lovely to live free of Maya for sure like the lead of this book.

This is a must read along with seven secrets of shiva. No other book will possibly depict the idols that are found around the world and explain what they were actually carved for in terms of concepts represented by the statues
