Customer Reviews

Gr 6–9 • Teens, especially girls, will find this interactive book engaging and will enjoy reading it on their own or with a group of friends. With journal activities, quotes, and more than 60 quizzes, the book can be read cover to cover or browsed. Readers will feel as though they're diving into a diverting combination of teen magazines and online activities. The quizzes cover a variety of topics—the zodiac, personality traits, leadership style—and are presented with illustrations, tables, and check lists. The authors invite readers to write or draw on different

pages, which limits its use as a library item. Despite this drawback, this is an amusing read that should provide teens with hours of fun." *Åçâ –â •Denise Moore, O’Gorman Junior High School, Sioux Falls, SD*
