What is Klutz? Klutz is a premium brand of book-based activity kits, designed to inspire creativity in every kid. Our unique combination of crystal-clear instructions, custom tools and materials, and hearty helpings of humor is 100% guaranteed to kick-start creativity. [Super-clear instructions](#) [Open-ended Creativity](#) [Rewarding Reading](#) [Skills to Build On](#) [Everything You Need](#) [Cat's Cradle](#) [A Book of String Figures](#). As long as there's been string, people have played string games. All over the world, people have amazed each other by turning an ordinary piece of string into a picture of something out of their everyday lives. With this kit, you will learn how to make 5 string figures, including The Cup and Saucer, The Witch's Broom, and Jacob's Ladder. With simple instructions and ultra-clear instructional art, each string picture is foolproof. Cat's Cradle comes with a never-ending loop of rainbow colored string.

No matter your skill level, you will pick up some new string techniques to do alone or with a pal! [What You Can Make](#) 5 classic string figures to master: - Cup and Saucer. - Eiffel Tower. - Witch's Broom. - Cat's Cradle. - Jacob's Ladder.

I played this as a child and it was really nice to see that it still exists. I passed the tradition onto my children and they absolutely love it. I definitely have gotten the use out of this toy whether it is in the house or during car rides. This game is great to play with the entire family as well as friends. What a great way to keep family games and traditions going, it is still enjoyable for all ages and really easy to follow the directions in the book. I find that this is a great alternative to games and televisions and keeps the communication and camaraderie alive.

This was a bit of a risk to order because others giving feedback said that the book they ordered was not spiral bound and was some other cheaper version than what is pictured. I am writing this review because I could not find anything definitive about more recent receivers of "Cat's Cradle" but I

ordered anyway because none of the more recent reviews seemed to complain of this same problem. So I am here to reassure you that if you order, it IS exactly as pictured with the spiral binding. Very happy. Thanks, .

My 10-year-old daughter loved this. I left it as a surprise one summer day and when I came home from work her and the sitter had figured out how to do several of the tricks. Plus the string is easy to take along in the car or to a restaurants. Very pleased with this.

Cat's Cradle is a fun game for kids of all ages. But save some money if you already know how to do the Cat's Cradle - just get some string and show your kids how to do it. The book wasn't necessary. I gave it to my daughter for Christmas. Once I showed her how, the book has been forgotten and I am waiting for the string to pull apart. It looks like they took 3 different color strings (which looks good) and hot glue gunned them together at the ends. I will have to look through the book and see if there is anything else I can do with the string, other than play the cats cradle.

Got the book for an 8 year-old recovering from a surgery. Her dad reports that she loved the games. I was a little disappointed there were only 5 games in this edition, but since she was happy with it, it served it's purpose. (I had another string games book that I had given to my daughter when she was young ... passed that along, too ... it had many more variations of string games in it.)

This is NOT what I ordered! I ordered a spiral bound book and a multi-colored string. They sent me a cheap paper back book which won't stay open while trying to construct figures and a glow in the dark string. VERY unhappy!

Great, happy with purchase. I had this same exact book growing up in the 90's! Fun to share with this generation.

I received the exact item pictured and my daughter absolutely loves it! I had this same book as a girl and was excited to find another Klutz classic on to share with my own child. These are traditional string games that provide lots of enjoyment! Anything technology free is a plus in my book!
